

# "WHAT IF..." Menu

This menu is designed for our settings to purchase and store on their premises as a contingency for the "what ifs" that we all hope will never happen.

- **WHAT IF...** the weather is so bad that our Lunches cannot safely be delivered to us?
- **WHAT IF...** there is a Covid-19 event within the Little Lunches team?
- **WHAT IF...** there is a road closure / traffic issue preventing our Lunches reaching us?

The Little Lunches team can prepare to order the following dishes in 2L / 4L tubs, labelled with full ingredients, allergen information and simple re-heating instructions, to be stored in your freezer for up to 6 months. This means that if, for any reason out with our control, we are unable to safely deliver your lunches, you can have a hassle and stress-free contingency on site and ready to go.

**WHAT IF** it's getting close to the use by date and we haven't used up the food we have stored in our freezer?

There's no need to worry about food waste or sunk costs because you can always pick a day where you plan to use your frozen contingency food for lunch before the expiry date, pause your fresh meals delivery for one day and restart deliveries again the following day. **Win-Win!**
